Trip Overview

Tsum Valley Trek takes visitors to the hidden valley of Tsum meaning “vivid” home to the direct descendant Tibetan people known as Tsumbas, the Tsum Valley is located to the east of Manaslu, on the border with Tibet. This isolated hidden Shangri-La just opened to trekkers in 2008. It remains relatively untouched, with ancient villages and Tibetan Buddhist monasteries waiting to be explored. Each day you will walk between 5 to 8 hours, with the high point of the trek being 4,000m above the largest of the monasteries in the valley, Mu Gompa. You will be accommodated in lodges and traditional ‘homestays’ on this trek, rather than in tents. As the Tsum Valley is much undeveloped but with its unique culture most hospitable people traditionally offer us a friendly welcome to their home can be somewhat rudimentary and you can expect to eat similar food to the locals (Dal Bhat, Chapatis, noodle soup). If you are not prepared to ‘rough it a little bit, then this trek is probably not for you!

The trail to the sacred pilgrimage site of Tsum Valley heads upper Budi Gandaki River Valley through unexplored countryside inhabited by the Tibetan community and authentic Tsum Villages such as Chhokangparo, where the area is long considered Baeyul or Hidden land offers unspoiled culture and tradition of Tsumba with fabulous mountain view of Ganesh Himal Range, Sringi Himal, Bauddha Himal and Himalchuli. The valley is extensively rich in culture and tradition dwelled with Buddhist monasteries, nunneries, chhortens and prayer walls, and significant religious monuments, the longest mani walls at Dzong and Phurpe are great attractions.

Tsum Valley Trekking Permit is rock bottom cheap compared to other restricted areas trekking routes and even cheaper than its sister trekking route to Manaslu Circuit. Our ‘Tsum Valley Trekking Itinerary is provided only as a guideline so we can personalize this program per your need and preference that suit your schedule and budget. This trip can be combined with the Round Manaslu Trek.
