

Overview

2 NIGHTS 3 DAYS KALI GANDAKI RAFTING TRIP

An unspoiled river with good white water, gorges, wildlife and a feeling of remoteness, it is recommended for those people looking for an exciting medium-length raft trip and as a self sufficient kayak trip for intermediate and expert kayakers. We suggest combining this river with a trek before hand in the Annapurna Mountains. Also consider continuing down the lower Kali Gandaki to Chitwan National Park.

Things to bring:

- T-shirt, swim wear for on the river, warm clothing for the evenings, fleece or a pullover.
- Sunscreen and lip protector, Sunglasses (with retaining device) and/or a cap
- Towel and Toiletries (environmentally friendly is best), Personal medication
- Flashlight, Footwear, Reading book, fishing hook if you do fishing.
